TESTIMONIALS.

From ALEX. HARVEY, M.D., *Professor of Materia Medica, and
Senior Physician to the Royal Infirmary.*

UNIVERSITY OF ABERDEEN,

July 28, 1865.

I have known Dr. JAMES E. FOWLER for several years, and have sincere pleasure in bearing testimony to the zeal, industry, and ability displayed by him while pursuing his medical studies at the University.

The fact that he graduated with “*Honours*” is itself a sufficient attestation of his high character as a student ; and I need only add that I know that, both at the University and at the Royal Infirmary, Dr. FOWLER fully availed himself of the opportunities afforded him of acquiring a thorough knowledge of his profession.

ALEX. HARVEY, M.D.

UNIVERSITY OF ABERDEEN,

Dr. JAMES E. FOWLER was known to me during the last year of his medical studies. From what I have seen and heard of him, I think that he may very safely be entrusted with the duties of the position of Parochial Surgeon at Woodside.

UNIVERSITY OF ABERDEEN,

1st August, 1865.

I have great pleasure in stating that I consider JAMES E. FOWLER, M.D., to be highly qualified in all

the departments of his profession. He was one of our best Students, and was graduated with "Honours." Since graduation he has diligently availed himself of every opportunity of improving himself in the practice of his profession, and I am confident will fill the situation, for which he is now an applicant, with great assiduity, and with much benefit to his patients.

J. MACROBIN, M.D.

From JOHN CHRISTIE, M.D., F.R.C.S., Ed., &c., &c.

214, UNION STREET,
ABERDEEN, 1st August, 1865.

I hereby certify that I have known Dr. FOWLER for some time past, and that I consider him, on the score both of character and skill, qualified in every respect for whatever professional duty he may undertake ; and that he is most obliging and agreeable in his intercourse with Patients and others, and most punctual in his business engagements.

JOHN CHRISTIE, M.D.

*From ARCHIBALD REITH, M.D., Physician to the Royal Infirmary,
Aberdeen.*

ROYAL INFIRMARY,
ABERDEEN, 1st August, 1865.

I hereby certify that Dr. JAMES E. FOWLER acted as my Clinical Clerk in this Infirmary for some

months, and I have great reason to express the high opinion I entertain of his professional qualifications. The manner in which he recorded the cases, and the zeal with which he watched the symptoms and course of disease, were most creditable. I have great pleasure in learning that he is to succeed Dr. GILCHRIST, at Woodside, and believe him to be well qualified for such a situation.

ARCH. REITH, M.D.

*From R. BEVERIDGE, M.B., L.R.C.S.E., Lecturer on Pathology,
and Pathologist to the Royal Infirmary, Aberdeen.*

ABERDEEN, July, 1865.

I hereby certify that I have known Dr. JAMES E. FOWLER for some time ; both during the time that he was prosecuting his medical studies, and subsequently while a Student, he was distinguished by the zeal, assiduity, and success with which he availed himself of every opportunity of acquiring a thorough knowledge of his profession ; and, since obtaining his degree, he has acted as Assistant to the late Dr. GILCHRIST, by whom I know his services were very highly appreciated. From what I know of him, professionally and otherwise, I have no hesitation in recommending him strongly as well qualified for the practice of his profession in any position which he may be called upon to fill.

R. BEVERIDGE, M.B.

From GEORGE SUTHERLAND, M.R.C.P., L.R.C.S.E., &c.

130, UNION STREET,

ABERDEEN, 31st July, 1865.

I have much pleasure in testifying that Dr. FOWLER was my Assistant at the Aberdeen Dispensary, Vaccine, and Lying-in Institution, and at the St. Nicholas Poor-House, for a period of Six months. During that time he discharged all the duties entrusted to him to my entire satisfaction, and manifested the greatest zeal and diligence in acquiring a practical knowledge of his profession. His kindness and attention to the Patients soon gained their confidence ; and, in my opinion, his character and abilities are such as to render him well qualified to undertake the duties of any office to which he may aspire.

GEORGE SUTHERLAND.

From JOHN PATERSON, A.M., M.R.C.S.E., *Medical Officer, Aberdeen General Dispensary, &c.*

I have extreme pleasure in certifying that JAMES E. FOWLER, M.D., has been occasionally my Assistant for the last Twelve months at the Aberdeen General Dispensary, where there are upwards of Eight thousand Patients yearly, at St. Nicholas Poor-House, containing nearly Four hundred Inmates ; he also had the sole charge of a populous District in said Parish. At these Public Institutions Dr. FOWLER has been a most faith-

ful, persevering, painstaking, and successful Practitioner. At the University he was a First-class Medical Student, a good Classical scholar, and is possessed of a fund of general knowledge such as I have seldom found in so young a man. He has taken advantage of the extensive Midwifery Practice at the above Charitable Establishments ; and very few indeed, early in life, are so capable in every respect of immediately entering into Practice. Dr. FOWLER's moral character is unexceptionable. He is of a kind and amiable disposition, courteous to his Patients, possessing gentlemanly and unassuming manners ;—and I say advisedly, that I consider Dr. FOWLER, from his many acquirements, admirably suited for any of the Public Services, or for Private Practice ; and that any District or Parish would be peculiarly fortunate in having Dr. FOWLER for their Medical Officer.

JOHN PATERSON, A.M.
